murky night, slipping past many of the curious, who had kept watch in the rain for hours to catch a glimpse of the prisoners. Their car was soon at the prison gates and the two brokers spent their first night in the cells that are to constitute their temporary home.	
--	--

**Murder Suspected At Breton**

His skull fractured by a blow from some heavy weapon, the body of Julius Johansen, aged 60, lone Danish homesteader, was discovered lying on the ground in front of his shack some 12 miles north-east of Breton, Alberta, Sunday evening by H. Johnson, of Warburg.

The body is believed to have been lying in front of the shack for at least three or four days. Murder is suspected.

Constable Baynes, of Breton, and Corporal Buchanan of Leduc, along with Dr. Woods, of Leduc, rushed to the scene of the suspected murder Sunday evening and made a minute examination of the body and surroundings.

Near the body was found a heavy grub hoe handle and police believe that this may be the weapon used by the person who attacked Johansen.

**Meadowbrook News**

Mr. and Mrs. Roy Sweet of Morningville were visiting at Mr. and Mrs. Jimmie Heath's last Sunday.

Quite a number of the young men of this district have gone moose hunting at Buck Lake.

Mr. Howard Sharpe attended the Teacher's Convention at Red Deer last Thursday and Friday.

Many friends and neighbors attended the funeral of Mrs. L. Kilde at the Lincoln Hall last Friday afternoon. They sympathized of the district is with Mr. Kilde and family.

Mr. Kenneth Ford of Edmonton was a week-end visitor at Mr. and Mrs. Herbert Long's.

Remember the Ladies' Aid Chicken Supper in the Lincoln Hall on Friday evening, Nov. 14. A good supper and programme is assured and the Ladies have a nice assortment of goods to be sold.

The Social Evening Club held their chicken supper at the home of Mr. and Mrs. Elmer Gifford on Halloween. A bonfire supper was enjoyed by sixty-four members and guests. A short program was followed by cards and dancing.

All present gave a hearty vote of thanks to Mr. and Mrs. Gifford for the work they did to make the evening a success.

**Bentley Curlers Will Present Concert**

If you are fond of music and dancing you will undoubtedly attend the Grand Concert and Dance in the Community Hall at Bentley on Friday, November 21st. Talent from both Lacombe and Bentley will take part in the program, and we guarantee that you will enjoy each and every item. Those who attended the Curling Club Concert last year can rest assured that the one this year will be as good if not better than the last one. A dance will follow the concert at which the Star 5-piece orchestra will play, which is a guarantee of good dance music. Admission to the Concert will be 50c, and to the dance 50c. You will never again get as much entertainment for \$1.00, so make it a point to attend.

### New Queen Salutes Former Sovereign

When the new Empress of Japan, latest bride of the old ship, on which most of the senior officers of the new Emperor of Japan, including Capt. Francis Robinson, C.B.E., R.D., R.N.R., was served, was broken up and scrapped in Vancouver eight years ago, ending the career of a ship which made history on the Pacific. Public spirited efforts by the Vancouver Daily Province from 1893 to 1927 during which she cruised a total of 2,000,000 miles in 53 round voyages from Stanley Park, Vancouver, between Prospect Point and Victoria to Manila Bay. The gallant and Brockton Light.

### Lacombe Swine Club

The judging team from Lacombe took 4th place in the Inter Club Judging Competition at Edmonton on November 6th and 6th, and third in the Railway Competition. They lost the trip to the Royal Winter Fair through the failure of part of the Club to get their hogs ready. Had they had the full complement of hogs as in previous two years, they would have won easily. Still with the handicap of half a car of hogs, they were just 11 points behind the winning team, so that they must have stood very high in their judging and Demonstration, as well as the quality of hogs shipped.

Gavin Barbour, Mgr.

### Spruceville News

Mr. and Mrs. Orme of Red Deer, Mr. and Mrs. O. S. Young and Mr. and Mrs. N. Hall spent Thanksgiving with Mr. and Mrs. P. Young.

Mrs. P. Broderick is spending a few days with Mr. H. Gottschlich.

Mr. T. Kaaba and Mr. Andrew Gibson have gone hunting. We wish them the best of luck.

Mr. and Mrs. Clarence Kaaba returned last Thursday from their honeymoon and are at home at Mrs. J. Kaaba's farm. We all join in wishing them success and happiness.

## Russia Looks For War

London—War is bound to come. It is inevitable. The British may not make war against us, but they will certainly get other peoples like the Poles and the Chinese to make it.

This, the view of an officer of the Soviet army, is quoted by a special correspondent of the Times as typical of the widespread belief in Russia today that Western European nations and especially Britain, are waiting only a selected moment to begin hostilities against the Bolshevik state.

The Times correspondent says that in spite of claims by the pressants due to food shortages caused by the shortage of wheat into foreign markets, the present rulers of Russia will continue in power for many years yet. There is no other party or organization able to replace them.

Their foreign policy is entirely one of peace. They want to carry out their great "five-year plan" to make Russia an industrial nation as well as an agricultural one. But when they have done this there may be a change in outlook.

They are now building up the Red Army and buying more nickel than Britain is, to make armor and guns.

Their idea, says the Times correspondent, is that war will come in 1965. By that time the Five Year Plan will have led to such prosperity that Soviet Russia will be able not only to supply her own people with goods, but also to export in such quantities as to be a serious rival to Great Britain and America.

The leading capitalist countries of the world will therefore unite to attempt to crush the Communist state for the existence of the two conflicting systems side by side is impossible. Communism will ultimately triumph for, they maintain, the present period in world history is that of the organization of capitalism.

Moreover, Soviet war propaganda in the form of placards and publications is intense and is having an effect upon the youth of the country. Among the magazines which have a wide circulation are the "Red Army", "Aviation and Chemistry" and "The Aeroplane".

The Osoaviakhim, the Society for Air and Chemical Warfare, has an extensive membership and its activities range from lectures on poison gas to training in the use of rifles and machine guns for women and girls as well as for men and boys.

The fear entertained by some Communists that a war will lead to an immediate uprising against the regime appears unfounded. "I hate the Bolsheviks, but if Russia were at war, whether the Bolsheviks were in power or not, I should fight at once,"

Indeed, war rumors are often but a means of rallying the rationalism of the Russians to the support of the government and of turning away the attention of the masses from the economic policy, for this is the Achilles' heel of the Communist regime.

It is in home policy therefore, that the final test of Communism will come, and more especially in agrarian policy. Collectivization has been helped this year by an excellent harvest, and although the following boost of Communists, "Within three

### PROTECTION FOR MOUTH AND THROAT

Exposure to damp weather, excessive use of voice, or smoking are frequently the source of irritated, sore throats. Unless promptly cared for serious complications often follow.

A single one part Absorbine, Jr., to nine parts water will bring quick relief to the inflamed tissues. And if there is congestion with the infection, as usually happens, break it up at once by rubbing the outside of the throat with a few drops of full-strength Absorbine, Jr.

To sweeten the breath and keep the mouth in a clean, wholesome condition at all times, the daily use of Absorbine, Jr., diluted as a mouth-wash, is ideal... just a few drops in a little water morning and night. Get a bottle at your drugstore—\$1.25.

## Joffre Items

Mr. and Mrs. Mike McCharles are the proud parents of a "one baby girl," born at Mrs. Simon's Nursing Home, in Red Deer on Wednesday, November 5.

Mrs. Perkins of Lacombe, is visiting her daughter, Mrs. Henry Jacobson.

Mr. Burr Sawyer, Mr. Roy Sawyer and Mr. Card have gone on a hunting trip to the Rocky Mountain House.

Mr. and Mrs. Olafson had a big dinner at their home on Sunday for their threshing crew as they completed their threshing run on Thursday.

A chicken supper and dance was held at Spring Valley on Friday and quite a nice crowd attended.

The farmers in this district are looking more optimistic now, as owing to the splendid weather we had for the past two weeks threshing is all completed now.

Miss Anne Fiddler spent the week end at her home in Calgary.

When Hon. E. F. Ryckman, minister of inland revenue, was in Calgary the other day he was presented with a request from a U.P.A. delegation that the federal government should guarantee \$11.15 per bu. for No. 1 Northern Wheat at Fort William. The Regina Leader is not enamored with this or any other price fixing plan. It points out:

A fixed price of wheat would mean that the government would buy the wheat from the producer at a fixed price and sell it for whatever it would bring in the open market. The difference would be provided out of general taxation. A majority of the taxpayers would have to agree that it was willing to pay the extra taxes involved. The difference might run into a large sum as the foreign buyer would know that a government, say the Canadian Government, has 300,000,000 bushels of wheat on its hands. The buyer would do everything in its power to see such a government left holding the bag. He would buy everywhere else first.

Knowingly a fixed price for wheat would lead to an increase in production, and the difficulties of the present season would be intensified in the future. The experience last year in the United States Federal Grain Board should be borne in mind. Its attempt to stabilize the price of wheat at a certain level was a most costly and futile enterprise.

Many people have become disappointed because they have been led to believe that there is no remedy to help their condition.

Sufferers should ask for a small bottle of Moore's Emerald Oil at any good drugstore. It softens the ligaments and tendons, and eases the joints. This first application gives instant relief and comfort. Thousands have reduced large, ugly varicose veins and ulcers by simply applying Moore's Emerald Oil as directed. All good druggists have it.

Bazaar, one of home baking, and tea, by the Guild of United Church, will be held in the Church Hall, on Nov. 15th. Remember the date.

## Select Your Gift from the following

For Mother, Wife, Sister or Daughter

- Electric ranges
- Electric refrigerators
- Electric washing machines
- Vacuum cleaners
- Electric lighting and fixtures
- Electric Percolators
- Electric waffle irons
- Electric toasters
- Electric curling irons etc., etc.

For Dad, Husband, Brother or Son

- Electric radio
- Electric reading lamp
- Electric clocks
- Electric heater
- Electric toy trains
- For Every Home
- Electric Xmas Tree Lights

All of these gifts are offered in a wide range of models and prices vary from a few dollars and up.

## ELECTRICAL GIFTS BENEFIT THE ENTIRE FAMILY

The ideal Christmas gift is one that combines beauty and utility. If your gift is something electrical, it will be appreciated not only by one person but by many. Moreover, it is not thrown aside after the holidays; its usefulness reaches over a long period of time.

For many of the names on your Christmas list, there is something electrical at a price within the modest income. If you wish to give useful gifts this year, their serviceable qualities will make them doubly attractive. There is a wide selection from which to choose, call the Calgary Power Company representative who will explain to you the Calgary Power deferred payment plan and show you the wide range of choice available.

### MIRROR BOY MEETS DEATH WHEN AUTO CRASHES

Hiller Arvid Moller, eldest son of Mr. and Mrs. A. Moller, of Mirror, was instantly killed on Saturday of last week when the car, which he was driving, went into a deep ditch about a mile east of Grouse. The remains were brought to Mirror on Tuesday and the funeral took place from the United Church to Mirror cemetery, the services being conducted by Rev. R. Upton. Hiller was but 24 years of age and his sudden death has spread a gloom over the entire community, also in Alex where he had many friends. We point with the Mirror people in extending sympathy to the parents, brothers and sisters.

## Leaks in the Larder Amount to Big Sums

**BY EDWINA NOLAN**  
Director of Home Service, General Electric Refrigeration Department  
It has been estimated by various authorities that the average American family wastes approximately 15 per cent of the food purchased. This is due largely to lack of proper facilities for food preservation.

Even the thriftest housekeeper would be surprised at some of her own extravagances if she were shown in figures the dollars and cents she wastes.

The pint of milk that turns sour, the butter that gets an "off taste" and has to be used for cooking-fat, the tomatoes that become over-ripe, the last two or three eggs that start as Grade A and end in a dubious grade, the imported cheese that awakens and grows mouldy, the left-over soup that begins to smell foul—these and other small larder leaks go to make up the 15 per cent spoilage. And food costs too much these days for any family to be able to afford waste.

There are many women who pride themselves on never using any eggs but the very best and who would be quite horrified at the idea of buying cold-storage eggs, yet they actually use many eggs the quality of which has become equivalent to one of the lower grades. Proper refrigeration facilities, constantly assuring a safe temperature of below 50 degrees, would keep these eggs up to high standard, as well as preserve other food-stuffs in wholesome condition.

Then, too, foodstuffs not properly preserved may look good or taste good, but at the same time they may be contaminated. Bacteria in foods increase at a tremendous rate in a short period of time. Health authorities in all sections are at-tempting to arouse housewives to the importance of proper refrigeration because they realize better than others that the perishing of food which has not been properly preserved has taken its toll in the time of thousands.

The modest glass of beer has largely replaced the bottle of distilled spirits.

## This Simplicity

**John Deere Farm Tractor**

Simplicity in the tractor you buy is mighty important to you.

This quality means easier operation, fewer adjustments to make, fewer repairs to buy, less trouble, and, what's even more important, it means longer life.

In the illustration above, you see the remarkable simplicity of the powerful, light-weight John Deere Tractor. It shows you at a glance why the John Deere is known as the tractor of fewer, but sturdier, parts.

A strong, one-piece frame encloses the entire working mechanism.

When you're in town come in and look it over.

ism, protecting all parts from dust or sand, and supplies a reservoir for automatic lubrication so that all working parts operate in a constant bath of clean oil.

From engine to drawbar, the John Deere is a simple, but powerful giant, with no unnecessary parts to add weight and cause loss of power.

When you're ready to buy a tractor, don't overlook the fact that the John Deere is actually hundreds of parts simpler than other tractors of similar power

## U. S. Influence In Canada

How much influence do the United States exert on Canadian business and other organizations? Most of us have tried to persuade ourselves that the influence is not great until something happens to make us realize that in some respects we are literally at the mercy of the United States. Mr. A. R. Mosher, president of the All-Canadian Congress of Labor in session at Vancouver is reported as saying that United States labor unions functioning in Canada have gone to the length of calling strikes rather than allow their members to work with those who belong to Canadian unions. He, doubtless, Mosher or knows whereof he speaks but we do not have to go far afield to find repeated instances of United States labor organizations adopting toward the affiliated Canadian unions an attitude that can often be best described as tyrannical.

Against the American Federation of Labor which is international in character if not always in fact we have no serious complaint to make. But let us realize frankly—even regretfully—that it is international mostly in order that organized labor in the United States may gain the benefit of protection against Canadian penetration; certainly not that the Canadian workmen may reap any advantage. Whichever theories may be held by high officials of the American Federation of Labor (and we believe them, generally speaking, to be altruistic) the rank and file conceive his organization to be a regular red-blooded, two-faced, 100 p.c. American affair supported by Canadians only that United States Unions may reap the richer benefits. How little this rank and file think of Canadians as forming a part of their Federation was seen in a number of incidents at the recent convention in Boston. A proposal, for instance, to hold next year's meeting in Vancouver, met opposition from delegates who maintained that the American Federation ought not to meet outside the U.S. At the same convention the United States Government was urged to prevent Canadian communists crossing the border to work in the border cities—not a word about preventing Americans crossing the border to clutter up the Canadian labor market. Probably if the convention had been reminded that Canadian labor was part of the Federation and had equal rights with the American unions, the great mass of the United States delegates would have recalled the interesting fact with astonishment.

The president of the All-Canadian congress probably had an extreme instance or instances in mind when he spoke of United States labor unions calling strikes for the reason he mentioned, or any reason. But there are other ways in which the international labor movement keeps its foot quite firmly on the neck of Canadian organized labor; such, for instance, as hindering agreements between masters and workers—things solely of Canadian and even local concern—to the handicapping not only of the Canadian workman, but of Canadian business.

## THE HIGH HAND OF ONTARIO

Public opinion has prevailed in the case of Ellen Naylor who was to have been deported to England under orders of the Ontario government. Probably she would have been new but for the intervention of her parents who learned of her projected deportation only a matter of hours (or days at the most) before she sailed. Miss Naylor is a resident of Ontario, who at the age of 16 came to Canada with her parents 18 years ago apparently physically fit. More recently she has been confined in the hospital at Woodstock under treatment for epilepsy and, being pronounced incurable, the Government of Ontario ordered her deportation to England whence she came as a child. It is said that this step was taken with neither the knowledge nor the consent of her parents who allegedly knew nothing of the matter until they found she had actually been placed aboard ship at Montreal. A charitable public, all over Canada, permitted itself to believe there must have been some misunderstanding; that not even the Government of Ontario would be so high-handed.

But the fact remained that the woman's parents were obliged to institute habeas corpus proceedings to delay the daughter's deportation which rather took the edge off the benefit of the doubt which people were prepared to accord the Department of Health. However, the Minister of Health for Ontario, whose department ordered the deportation, has now asked for the woman's return to Woodstock pending further investigation.

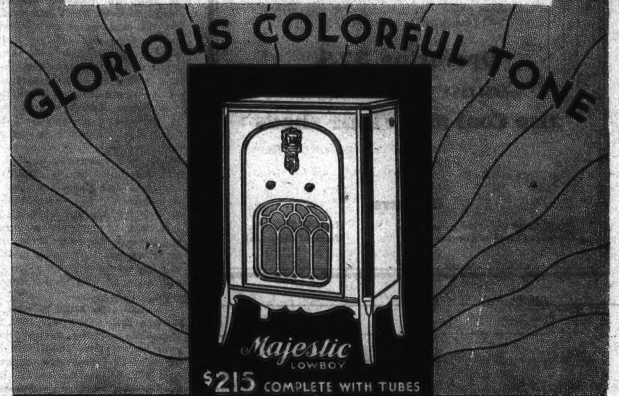

In the meantime the case of Ellen Naylor has brought other not dissimilar incidents to light. From England come some details of the case of Mrs. Alinworth, formerly of Hamilton, Ontario, who was deported to her former home in Bolton, also suffering from epilepsy. Her deportation was conducted under the auspices of the Department of Immigration which has representatives in England, yet none met her when the steamer docked. Out of Canada, she was left to fend for herself. Happily a Salvation Army officer was present who saw that she reached Bolton. As in the case of Ellen Naylor, her family consisting in this case of a husband and child-

# Why you should buy a Majestic RADIO

A NEW Majestic Electric Radio actually costs you less to own and operate than many sets being offered at special bargain prices. First, because while you may buy some radio sets for less, the depreciation, service, performance and trade-in value wipe out this mythical saving and more before a season has passed.

Most people now buy radios on time, so the purchase of a Majestic means but a few dollars more outlay at the time of purchase and a few more monthly payments. At the end of that time the value of the Majestic as a "trade-in" is definite and sure. There is always a demand for used Majestics, whereas the loss you will take on nameless "stencils" or "specials" or cheap radios built to a price makes your original purchase an expensive one.

Majestic is the largest manufacturer of complete radio receiving sets in the world. It is fathered in Canada by the Rogers-Majestic Corporation Limited—the largest radio manufacturers in the British Empire. Were it not for this tremendous output Majestic prices would be 10% to 25% higher, if the same quality were maintained. Due to this enormous production Majestic prices are as low as most radios of much cheaper construction. Thus, every Majestic is really a bargain—extraordinary value for your money. The 1931 Majestic Models with Super-Screen Grid and Super-Colortura Dynamic Speaker are now on display at our store. Come in, see them, and find out about our liberal terms... today.

## Friend From New York Told Him About Sargon

"When a friend of mine from New York visited me recently and told me about this new Sargon medicine, I had no idea it was going to mean the end of suffering that had made my life miserable for years.

"Stomach and intestinal disorders go hard with a man of my age and I sure had a time of it. Chronic constipation poisoned my whole system and a kind of rheumatic condition developed in my back with pains and aches practically all over my body. I got to where I couldn't sleep and became subject to weak dizzy spells and finally had to give up driving my car altogether. I couldn't even drink a cup of milk without having heartburn and indigestion, and sometimes the gas on my stomach was so awful that the pressure would seem to almost choke off my heart action.

"I'm situated so that I can live comfortably the rest of my days, but there was little consolation in that thought when I suffered such misery. None of the medicines I tried did me any good and I had given up in despair—just decided I might as well 'tarry along' to the end as be as I could—when my friend from New York told me about Sargon. He said that the medicine was making a big hit in New York and seemed to be doing everybody good that tried it, so I went down to

### Do You Know?

97-piece Dinner Set at 12.50 is a bargain for some one. See it at Lacombe Furniture Store.

The regular meeting of the Lost We Forget Club will be held in the Town Hall on Wednesday evening, 19th inst., at 8 o'clock.

We have very special prices on Linoleum and Congoleum Rugs—get them laid before cold weather at Lacombe Furniture Store.

There will be an afternoon tea and sale of baking and fancy work in the Salvation Army Hall on Saturday, November 29th.

Mr. F. Lewis is now in Lacombe, and is in the market for grain of all kinds. Get in touch with him if you have grain to sell.

Select your gifts from the things worth while. A new Photograph. The only gift that only you can give. Make your appointment now.

LAST—Brown leather club bag, with initials I.C.B. in gold letters. Kindly notify I. C. Birdsell, Stettler, Alta.

Photographs this year for Christmas. We are featuring a \$6.00 per dozen special. Call and see our beautiful lines of styles and mountings. Cameron Studios.

We have received an advance shipment of 1931 Wall Papers. Do your fall papering while our stock is complete — Lacombe Furniture Store.

The Baptist Ladies' Aid will be holding their annual Bazaar on Saturday afternoon, Nov. 22, in the Rest Room. Tea will be served.

A large number of our citizens turned out on Monday to say farewell to Mr. and Mrs. Cranna, who left on the afternoon train en route to their home in Scotland, where they will reside in future.

We have a large stock, in fact we are over-stocked on all wool Blankets and Rider Down quilts and they must go if price will move them. Come in and let us talk it over. Lacombe Furniture Store.

Lost on Tuesday morning, brown leather purse (2 compartments) containing \$14.00. Believed to be lost between A. Gilmour's residence and Edmonton Trail corner. Finder please leave at this office, or phone 51. Reward offered.

The Annual United Service for Armistice Day and Thanksgiving was held in the United Church on Sunday evening, 9th, all the Protestant ministers of the town taking part. A large congregation enjoyed the fine music rendered by the choir, and the solo by Mrs. Wilkes, "Thank the Lord". The Rev. R. B. Layton, gave a timely and inspiring sermon on "The New Patriotism."

The two-minute silence was observed by a large number of people surrounding the Cenotaph in the Memorial Park on Tuesday 11th inst.

including members of the Lost We Forget Club, the I.O.D.E., and the Canadian Legion. The Rev. T. H. Chapman and Rev. R. B. Layton conducted the service which was closed by the "Last Post" played by Chas. Bradshaw. The flag was lowered in respect to those who are gone. Weather was placed on the Monument.

Clara Bow, the Red Headed dynamic Screen Star will appear at the Avalon Theatre this Thursday, Friday and Saturday in a rickshing comedy entitled "True to the Navy." In conjunction with the feature picture the following added attractions are alone a program in themselves. Stan Laurel and Olive Hardy, in a side splitting comedy; Fox News, news in the province, you see and hear the most current events of the day, also a special added attraction on the stage for 3 nights—Broadway Rastus the Dancing Fool and Lewis Dart, Radio Singing Star, in "Songs and Dances."

On Saturday afternoon, Nov. 15th in the Church Hall, the Ladies' Guild of United Church, will hold their annual bazaar, tea and sale of home baking. Bazaar work may be sent to Mrs. A. M. Campbell or Mrs. Geo. Vickers. Donations of baking are requested without personal solicitation. There will be a musical program and pleasant social afternoon. Be sure to come.

The Annual Meeting of the Lacombe Branch of the Canadian Bible Society will be held on Sunday evening at the close of the evening service in St. Andrew's Church. It will be addressed by Rev. H. F. Marr, Secy. of the Society. Seeing that all the Protestant Churches unite in the support of the work of the Bible Society, it is hoped that there will be a large attendance.

Mr. Hearsey of the Premier Electric Store, is now residing in the apartments above that place. For the convenience of the public he has installed a night bell in front of his place of business. If you have trouble with your radio or lights, just call Mr. Hearsey any hour of the day or night and he will be pleased to accommodate you. The Phone number is 41.

### Spring Valley

The Spring Valley U.F.W.A. will hold their annual chicken supper and dance at the Spring Valley Hall on November 21st. Supper to commence at 6 o'clock. Supper 50c; Supper and dance 75c. Dance alone 50c.

### Armistice Dance

In the neighborhood of 200 people attended the Lost We Forget Club Dance on Monday night. A real time was had by everyone right from the start and everyone hated to go home. The ladies of the Club spared no time nor trouble to see that everyone was having a good time. The music supplied by the Star orchestra was real peppy and the dancers just could not keep their feet still. At midnight a bountiful supper was served and dancing was continued until after 2 o'clock.

### Miniature Golf

The miniature golf course in the Vet Theatre opened last night, and a fairly large number of fans played over it. This course which is a

real good one, will certainly test any golfer's putting ability. It is an 18-hole course, and there are many different and ingenious hazards. Although the course was opened last evening as per announcement, much of the equipment had not arrived from Calgary, and it was necessary to make temporary hazards. When completed this course will be one of the finest in Alberta. If you want to improve your putting and also spend an enjoyable evening, you can do just that at the Miniature Golf course.

ST. ANDREW'S UNITED CHURCH  
Rev. R. B. Layton, B.D., Minister  
Services at 11 a.m. and 7.30 p.m.  
Rev. Hugh Dobson, D.D., Vancouver, speaks on Sunday Morning.  
Rev. H. D. Marr, Calgary, speaks on Sunday Evening.  
Dr. Dobson speaks at Fairview in the afternoon, and at Bentley at night.

Fr. Marr speaks at Spruceville in the morning, and at Olive in the afternoon.

Service at Jackfish will be conducted by Mr. Layton.  
The Thanksgiving of the W.M.S. and Y.W.A. will be held on Tuesday, the 19th, at 8 o'clock at the home of Mr. Sweet; Miss Laycock, from the Smoky Lake School will speak.

THE CHURCH OF ENGLAND  
IN CANADA

## Leave the Liquor Act Alone Beware of the Campaign of Misrepresentation

Beer is a moderate drink. Prohibitionists, in attempting to force their views on the people, try to class it as a heavy alcoholic beverage. IT IS NOT

The present Liquor Act allows beer to contain up to 4-1-2 p.c. alcohol.

Alberta Breweries keep well under this. Their beers range from 3.6 p.c. to 4 p.c. in alcoholic content.

### BEER IS PALATABLE and an EXCEEDINGLY MODERATE DRINK

Compare this with whisky or brandy, ten times the strength of beer. Draw your own conclusions!

DO NOT SIGN THE PROHIBITION PETITION. IT MEANS CANCELLING LICENSES OF ALL CLUBS AND BEER ROOMS.

Leave the Act alone. We don't want the bootlegger back again.

### Here and There

(642)

The Canadian Government is co-operating with ranchmen and exporters in their efforts to secure a market in Great Britain for Canadian cattle, said Hon. Robert Weir, Minister of Agriculture, who visited Montreal recently to inspect an experimental shipment of western steers at the stockyards in that city. The cattle, comprising 416 head of shorthorns, Herefords, Angus and pure-bred steers were brought to Montreal on Canadian Pacific Railway for shipment to Manchester, England.

Analyzing the causes of business depression in Canada, E. W. Beatty, chairman and president of the Canadian Pacific Railway, in a speech before the American Institute of Steel Construction, recently, recalled American suggestions that cancellation of foreign debts due the United States would cure present world conditions and benefit the country that cancelled them. "It is not surprising," said Mr. Beatty, "that your men of great vision have reached the conclusion that if they (the war debts) were removed, industry would be stimulated, trade would expand, and prosperity would return, and out of the revivification of the world conditions would inevitably come great benefit to the United States."

A forty-mile ski marathon from Lake Louise to Banff will be one of the big features of the Banff Winter Carnival which will open February 1st next. The run will cross turbulent mountain streams and will follow ascending and descending ridges of great height. "No smooth travelling in the last half," is the way ski-ing experts who have planned it, describe the event.

Fur farming in Canada is now established as a leading industry. The latest available figures show that the industry to-day represents a capital value of \$22,860,517, of which \$16,401,463 is invested in fur-bearing animals. Prince Edward Island is the leader in the industry, with Ontario and Quebec not far behind. Ten years ago total value of fur-bearing animals on fur farms in Canada was placed at \$4,723,105.

Showing of the Canadian Pacific Railway Company for the month of September, in which an increase of \$172,745 was shown in net earnings over the total for September of last year, in the face of an actual decrease in gross earnings, is a tribute to a management's ability to adapt itself to unfavorable conditions, according to a financial authority of Montreal. The showing itself is not an indication of improved business for gross earnings were only \$19,192,325 as against \$19,551,217 one year ago, a decline of \$358,891, but it is a favorable development for the company itself. What was done was to cut down expenses from \$14,540,597, shown in September one year ago, to \$12,160,960 for September, 1930. Some indication of what retrenchment in overhead costs could accomplish was given in the August fig-

ures, when starting out with a decline in gross earnings of \$2,182,387, the company was able to show a natural increase in net of \$358,276 over the corresponding period of last year. The results for September are naturally even better than this.

### Ministerial Assn. of Lacombe Endorses Petition

"Moved by Rev. R. B. Layton, Lacombe, seconded by Rev. T. R. Davies, Ponoka, and carried that the Ministerial Association endorse the petition now being circulated for the abolishment of the beer parlors, and that the sale of liquors be confined to the Government stores, believing that this is what the people asked for six years ago."

I am yours very truly,  
W. J. Moore, Sec.-Treas.
